## 5. Operating

### 5.1 Power

Press and hold the power button to turn the device off or on.

**Note:** The CR225 will automatically turn on when connected to a 12V~24V power socket and automatically turn off after 10 minutes if it is not connected to a Bluetooth source.

### 5.2 Bluetooth Connections

When turned on, the CR225 enters pairing mode automatically indicated by the status LED flashing blue.

Scan for Bluetooth devices on your mobile phone and select CR225 from the available devices.

After successful connection, the status LED will light blue.

The CR225 will attempt to reconnect to the last paired device when it is turned on. To connect to a new device, first disconnect any existing connection.

**Note:** Bluetooth settings on mobile phones are not standardised, to find the specific information for your phone, please refer to its user manual.

### 5.3 FM Transmission

The LCD screen displays the current FM transmission frequency. Match your FM radio to this frequency to begin playback through your car stereo. To reduce interference, find an empty station on your FM radio then use the FM frequency dial to match this number on the CR225.

### 5.4 Music Control

The CR225 can control the music playing on a compatible Bluetooth device.

Use the volume dial to adjust the volume.

Press **◀◀** or **▶▶** to skip to the next or previous track.

Press the power button to play, pause and resume playback.

## 5.5 Hands-free Calling

Whilst connected to your mobile phone, the CR225 will act as a hands-free system for phone calls.

Press the power button on the CR225 to pick or hang up calls.

Press and hold the power button for 2 seconds to reject the incoming call.

Double press the power button to redial the last called number.

## 5.6 USB Output

Whilst the CR225 is connected to a 12V~24V power source, the USB port on the CR225 acts as a powered USB port to charge portable devices.
